

BHASKAR SAI SUDHEER TANGETI

Software & AI Engineer | Full Stack & Machine Learning Specialist

Email: saisudheer5020@gmail.com • GitHub: github.com/bhaskarsai • LinkedIn: linkedin.com/in/bhaskarsai •
LeetCode: leetcode.com/bhaskarsai • Location: Visakhapatnam, India

PROFESSIONAL SUMMARY

Computer Science & Engineering graduate specializing in Artificial Intelligence and Machine Learning with an 8.5 CGPA. Hands-on experience developing full-stack web applications, retrieval-augmented generation (RAG) AI systems, and machine learning pipelines. Demonstrated strong problem-solving proficiency with 200+ LeetCode problems solved and practical experience across 3 industry internships.

TECHNICAL SKILLS

Languages & Core	Python, Java, JavaScript, TypeScript, SQL, HTML5, CSS3
AI, ML & Data	PyTorch, TensorFlow, Scikit-learn, OpenAI API, Gemini, LLMs, RAG, ChromaDB, Prompt Engineering
Frontend & Web	React, Next.js, Tailwind CSS, Responsive Design, State Management
Backend & API	FastAPI, Node.js, Express, RESTful APIs, Microservices Architecture
Databases & DevOps	PostgreSQL, MySQL, MongoDB, Prisma ORM, Docker, Git, GitHub, Vercel, Railway

WORK EXPERIENCE

Data Science & Analytics Intern — The Developers Arena (Cert ID: CERT-202604-EMP20260210- 6318) Feb 2026 – Apr 2026

- Executed end-to-end data analytics and predictive modeling projects, analyzing complex datasets using Python, Pandas, and SQL.
- Built data processing pipelines and automated visualization dashboards for exploratory data analysis (EDA).
- Received formal recognition for technical excellence and outstanding project execution performance.

Machine Learning Intern — SkillDzire (Collab with APSCHE) (Cert ID: 7d4q8cbgu3) Dec 2025 – Mar 2026

- Developed machine learning algorithms, model training workflows, feature engineering, and hyperparameter tuning pipelines.
- Evaluated model performance using statistical metrics, cross-validation, and performance optimization techniques.
- Collaborated under the Andhra Pradesh State Council of Higher Education (APSCHE) industry partnership initiative.

Artificial Intelligence Intern — SkillDzire (AICTE Recognized) (Cert ID: SDST-25-26541) May 2025 – Jul 2025

- Built AI classification and regression models leveraging deep neural network architectures and data pre-processing workflows.
- Designed scalable data pipelines and automated evaluation routines for machine learning benchmarks.

KEY PROJECTS

AI Research Copilot | Next.js, Python, FastAPI, OpenAI, ChromaDB, RAG 2026

- Architected an intelligent research assistant powered by LLMs and Retrieval-Augmented Generation (RAG).
- Implemented semantic search across research papers, automated summarization, and contextual vector Q&A with ChromaDB.

Live Event Detection | Python, PyTorch, FastAPI, React, Docker, WebSocket 2026

- Engineered a real-time audio event detection system using deep learning to classify environmental sounds and audio streams.
- Optimized model latency for live inference and implemented WebSocket streams for real-time waveform visualization.

- Developed an AI meeting assistant that transcribes audio streams, extracts key action items, and generates meeting summaries.
- Built speaker diarization pipelines and searchable meeting archives with structured database storage.

EDUCATION

Raghu Engineering College — B.Tech in Computer Science & Engineering (AI & ML)

2022 – 2026 | CGPA: 8.5 / 10

ACHIEVEMENTS & CERTIFICATIONS

Data Science & Analytics Cert: The Developers Arena (Cert ID: CERT-202604-EMP20260210-6318)	Machine Learning Cert: SkillDzire & APSCHE (Cert ID: 7d4q8cbgu3)
AI Certification: SkillDzire & AICTE (Cert ID: SDST-25-26541)	Smart Coder Silver Rank: Competitive Programming Silver Tier
200+ LeetCode Solved: Algorithmic Problem Solving Proficiency	NPTEL Java Certification: Completed with Distinction
